**Baltimore Takes Double-Header.**

**Score, First Game, 6 to 5.**

**BALTIMORE, October 1.**—The Birds succeeded in taking their double-header from Brooklyn to-day. The first game was a nip-and-tuck battle, which was saved for Baltimore by the substitution of Hughes for Nops in the seventh inning. Both teams played a rather sloppy fielding game. In the second contest the visitors were never dangerous. Baltimore secured a safe lead in the first two innings, and Kison's skill did the rest. The game was called on account of darkness. Attendance, 3,438. Score:

**Tablet to Dr. Vanderstee.**

This afternoon, at 3:30 o'clock, a beautiful and deeply impressive ceremony will take place at Union-Station Methodist church, on Church Hill, when the memorial tablet to Rev. Dr. George C. Vanderstee will be unveiled. Dr. Vanderstee, so tenderly remembered by many Richmond people, died March 17th of this year, while pastor of this church. The address of the occasion will be delivered by Rev. W. V. Tudor, D. D. Other pastors of the city and Rev. A. G. Brown, D. D., presiding elder of the Richmond District, are expected to be present and take part in the exercises.

Miss Edith Brauer will draw the cord which will unroll the veil.

**Camp Cuba Libre in Good Shape.**

Captain C. W. Westbury, of the Southern railway, who recently returned from Jacksonville, said yesterday that he was surprised to find the camp and the hospital in such splendid condition.

"The camp of the Fourth Regiment is needless to say," he said, "and the food, from what I could see, was all that could be desired."

"The hospitals were in first-class shape, and I was told by patients that they were receiving the very best attention and treatment."

**MONEY FOR THE JAIL.**

**MR. GUNST WILL TELL THE COURT HOW IT MAY BE RAISED.**

**IMPORTANT SESSION MONDAY NIGHT.**

**Removal of Union Passenger Railway Tracks to Be Vigorously Opposed—Electrolysis Question—Jackson Ward Claims Compromised.**

The regular monthly meeting of the Common Council to-morrow night is remarkable for the number of important matters to be considered. Easily first among them is the new jail question, which has been agitated for the past four years. The recent visit of the councilmen to the institution seems likely to lead to some definite result, and it seems only necessary to present some feasible plan for meeting the expense of construction to insure a large majority for the motion that Mr. Marx Gunst will introduce.

Mr. Gunst has hit upon a scheme for meeting the cost of a new jail without a bond issue. He said to a Dispatch reporter yesterday that the building of a new jail would mean a very substantial gain to the city. Putting aside the fact that the action of the Grounds and Buildings Committee is backed up by the report of the jail commissioners, and by the demands of the judges of the Hustings Court, Mr. Gunst says a new jail is desirable for economic reasons.

**MR. GUNST'S PLAN.**  
Mr. Gunst calculates that the sums wasted annually on the present building represent interest on \$30,000 or \$40,000. His committee has plans for a new jail, which would be between \$40,000 and \$50,000. He advocates the sale of the Clark-Spring property, near Hollywood, and of Sea-brook's Warehouse. Neither of these, he says, would be of great value to the city, and he will to-morrow introduce resolutions looking to their sale.

There are customers in the market for both, and Mr. Gunst will ask that the Grounds and Buildings Committee shall be empowered to sell the former for \$25,000 and the latter for \$25,000, and that the money shall be spent upon a new jail, to be erected on some of the ground that is available in the vicinity of the City Hall.

**PROSPECTIVE BIDDERS WILL FIGHT.**  
A lively fight may be expected over the application of the Richmond Railway and Electric Company for permission to remove the tracks of the Union Passenger railway from Franklin and Bank streets. The chief opposition springs from the Traction Company and from a syndicate now being formed, both of which intend to bid for the Main-street line when the franchise is upon the market at the end of the year. The syndicate, which comprises the Traction Company and other companies, contend that the concession will injure the rights, even if it does not defeat their hopes altogether.

The electrolysis question will come up for discussion, and will lead to the appointment of a committee on electricity to deal with such matters in the future.

The following committees will meet to-morrow evening: Water, 6 P. M.; First Market, 12 o'clock, noon; Light, 6 P. M.; Cemetery, 7 P. M.

**THE EVENING DAMAGE SUIT.**  
The suit of Chris. Evensen against P. J. Morris and W. H. Hoffman for \$100.00 will come up for trial in the Law and Equity Court to-morrow.

Mr. Evensen was non-suited in the last trial because he had effected a compromise with one of the defendants. The damages claimed are for false arrest. The suit was brought in this court by P. H. Bosseau, Sergeant of the city of Danville and administrator of Rainey A. Meyers, vs. the Southern Railway Company. Damages, \$100.00. No declaration filed.

The October term of the Chancery Court begins to-morrow.

**MR. WILLIAM W. MICHAUX DEAD.**

**Another Member of the "Blues" Passed Away Yesterday.**

Mr. William W. Michaux, son of Dr. Jacob Michaux, and a private in Company M, Fourth Virginia Regiment, who came home on a sick furlough suffering with typhoid-fever, died at his father's residence, No. 323 east Franklin street, at 12:30 o'clock yesterday.

Mr. Michaux had been desperately ill, but it was thought up to a short time before his death that he was getting better. He came home about two weeks ago, arriving here on the night of the Second Regiment returned, though not on the same train. He was then complaining, and an examination made by his father revealed the fact that he already had fever. It is thought that he had developed typhoid before he left camp. The utmost that medical skill could suggest was done for the young man, but he gradually sank, and the end finally came quite suddenly; in fact, so unexpectedly that there was no time in which to summon his father from the University of Virginia.

Deceased was formerly a student at McCabe's School, and had but recently been enlisted in the Richmond College, when he enlisted in Captain Pegg's Company of the Blues. He soon became one of the most popular men in the company, and the news of his death will prove a great blow to his associates.

Mr. Michaux was in his 23d year. He was born at the residence of his grandfather, Mr. W. W. Michaux, after whom he was named, in Powhatan county. He was universally beloved by all his associates in college, and was the idol of his parents.

His funeral will take place from Grace Episcopal church this afternoon at 4 o'clock, and the service will be conducted by Rev. Landon R. Mason.

**New Pastor Takes Charge.**

Rev. E. Cabell Henning, the newly elected pastor of Fulton Baptist church, arrived in the city yesterday. He will begin his duties in his new field of labor this morning. The programme for the installation services, which will be held this afternoon, has been prepared by Rev. W. E. Hatcher and Rev. Mr. Smith. Mr. Henning, who is a native of the city, is expected to be present and join in welcoming the new pastor.

**PROFESSOR OF CHEMISTRY.**

**Dr. Jones to Fill This Chair in University College of Medicine.**

At a recent meeting of the faculty of the University College of Medicine, Dr. William R. Jones, of Richmond, was unanimously elected to the professorship of chemistry. He has been connected with this institution since its organization in 1883. He was first appointed to the position of instructor of chemistry, and last year was elected acting professor for one year in the same department. His service in this capacity were so eminently satisfactory to faculty and students that at the end of the year he was permanently installed in this position.

Dr. Jones was born at Beaumont, in Orange county, Va., the home of his

ancestors for several generations, on the 18th of January, 1870, and is therefore 28 years of age, being the youngest member of the faculty. He was educated at the University of Virginia, from which institution he received his degree in 1892. In 1893 he graduated in pharmacy in the University College of Medicine, receiving the degree of Ph. G. After leaving the University of Virginia he accepted the position of resident physician to the Retreat for the Sick, and served in that capacity for four years. Since then he has successfully prosecuted the practice of medicine in this city, and during the summer months as resident physician at the Rockbridge Alum Springs. He has also contributed various scientific papers to medical and pharmaceutical journals. His many friends in the city are four advance advertising-cars, they, too, being the property of the circus.

DR. WILLIAM R. JONES.

**IT IS A COLOSSAL CIRCUS.**

**It Passed Through Richmond Last Night, But Returns on Tuesday.**

The combined Adam Forepaugh and Sells Brothers' circuses passed through the city last night, en route to Newport News, where they show to-morrow. On Tuesday they will give two performances in Richmond, following the street parade in the morning. Some idea of the magnitude of the organization may be gained from the following facts:

The huge tented outfit is moved from town to town on seventy-four cars, all of which are 60 feet in length, and require four of the most powerful locomotives to haul them. In addition to the cars used in transporting the show, there are four advance advertising-cars, they, too, being the property of the circus.

The number of employees in various capacities is legion. The list is as follows: Twenty-five agents, 80 bill-posters, 150 canvas men, 125 grooms, 40 property men, 20 wardrobe men, 12 chandeliers, 500 razzorbacks (or train men), 35 cook-house men, 60 animal men, 15 dining-car men, 12 sleeping-car porters, 300 equestrians, acrobats, vaudeville, gymnasts, and other arena performers, and Merriek's Military Band of 40 musicians. There are also the jugglers and charlatans of the hippodrome, and Alexander McGregor's big contingent of Scotch athletes. The executive staff accompanying the show is unusually complete. It includes a manager, with 8 assistants; a treasurer, with 4 assistants; a boss canvas man, with 4 assistants; a boss hostler, with 4 assistants; a superintendent of transportation, a superintendent of menagerie, a museum superintendent, and two Pinkerton detectives. The side-show and concert people number 85.

**Out on a Cutting Rampage.**

Billy Smith, otherwise known as Slick (colored), went out on a cutting expedition last night. He met Major Winston (colored) first, and slashed him in the left arm to the extent of an inch and one-half. He next came in contact with Chris. Scott and cut him in the breast, through the lungs. The wound is very serious. Dr. Brown, with the ambulance, was called and treated the two men at the First Police Station, from which they were sent home.

**Colored Woman in Trouble.**

Annie Johnson (colored) was put in the toils last night at the Third Police Station by Sergeant Orange for stealing articles of furniture from Mr. William H. Woodburne.

She will pass the day at the Third, and journey to Justice John's Court to-morrow morning.

**Will Spend To-day at the Third.**

Levi Ross and Elisha Patrick, Afro-Americans, will spend this day of rest and worship at the Third Police Station, charged with stealing several articles of clothes from A. S. Williams.

To-morrow morning they go down to see Justice John.

**Mr. Charles W. Marsh Dead.**

A telegram from Washington, received by the Dispatch last night, says: "Charles W. Marsh, of Richmond, died in Washington to-night. Will be buried in Fayetteville, N. C., Monday afternoon."
